A Farm-by-Bike Experience

Showcase your business at Bike the Barns

Bike the Barns Sponsors strengthen our local food system and the future of farming while enhancing brand recognition among over 250 riders and supporters from New York State and beyond, as well as over 10,000 community members who engage with ANCA and BikeADK.

A Strong Local Food System

When you sponsor Bike the Barns, you support ANCA's Local Food System Program and initiatives that strengthen farms and food businesses. Together, we can provide low- and no-interest funding, grant support, and a range of business and technical assistance to the hundreds of individuals across our region growing food, creating food and beverage products, and working together to ensure these items make it to tables across the region and beyond.
