About:

This beautifully maintained historic home has operated as a successful bed and breakfast for the past seven years. Set on professionally landscaped grounds with pergolas, patios, a gazebo, firepit, and an outdoor bathroom, the property features four spacious guest rooms—each with a private bath—and an additional half-bath for guests.

A standout feature is the versatile 30x60 Carriage House, which includes a fully independent 1-bedroom apartment and a flexible 30x40 open-concept space currently used as an additional apartment. This space can easily be converted into an event venue, garage, or small business space.

Whether continuing as a B&B or reimagined for events or mixed-use, this unique property offers exceptional potential for entrepreneurs and lifestyle buyers alike.
