

ADIRONDACK DIVERSITY INITIATIVE SYMPOSIUM

Rooted & Rising: *Rights, Resilience, and the Future*

October 2 & 3, 2026

Adirondack Lakes Center for the Arts | Blue Mountain Lake, NY

A Commitment to a Resilient Future

Rooted & Rising is more than a symposium; it's an invitation. An invitation to learn the history we stand on, understand the systems we're navigating, while we equip ourselves and our communities with real tools, and imagine together what comes next.

Become a Symposium sponsor and demonstrate your commitment to equity, justice and resilience in our communities. All sponsor dollars support ADI's programs and initiatives that make the North Country a safe place for ALL while ensuring a vital and sustainable region for future generations.

Building Collective Strength

Sponsoring the *Rooted & Rising* Symposium puts your organization at the center of a regional conversation that matters, connecting you directly with community leaders, advocates, and changemakers working to build a more welcoming and just Adirondack North Country.

Showcase your business among over 100 Symposium participants, hundreds of ADI and ANCA partners, and over 8,000 community members who engage with ADI and ANCA through digital media.

To sponsor the Symposium or to discuss sponsorship options that best suit your business or organization, contact Caitlin Bottcher: cbottcher@adirondack.org.
